Synchrony's CareCredit Financing Solution is Now Integrated into Meevo 2 Business Management Software
New Integration Makes it Easier to Help More Clients Get the Treatments and Services They Want

Parsippany, NJ: Millennium Systems International (MSI), the leader in beauty and wellness software solutions and provider of the award-winning Meevo 2 business management platform, announced its partnership with CareCredit that will bring a new integration to the MeevoXchange Marketplace designed to help spa and salon teams save time, streamline the payment process, minimize human error and provide patients with more financial options in order to make it easier for them to purchase the procedures they desire.

With the CareCredit financial solution integrated into Meevo 2, teams can process transactions directly from the register and have them automatically post back to the ledger, helping to save time and minimize human error.

"Meevo 2 is designed to be customizable to fit the needs of each business, an achievement made possible through our configurable solutions and powerful partner integrations. CareCredit is another industry-leading addition to the MeevoXchange Marketplace that allows Meevo 2 to be adaptable for all business types in the beauty and wellness industry," says John Harms, Founder and CEO of Millennium Systems International. "As businesses look for more ways to accept payments for services, partnering with CareCredit further showcases Meevo 2 as the most adaptable and customizable software serving the industry."

"Accepting the CareCredit credit card is a great way to provide a dedicated financial resource to sell additional treatments or products and to keep clients coming back to your spa or salon," said Jill Frattallone, general manager, Cosmetic, Synchrony's Health & Wellness platform. "That's why we're very excited to be integrated into Meevo 2, to help businesses streamline the financing process, enhance productivity and help more clients look and feel their best."

If you already accept CareCredit's credit card and use Meevo 2, please visit the MeevoXchange or call Sales at 973-402-9500 to enable the integration and a member of the MSI Customer Success team will reach out. Businesses not currently accepting CareCredit but are interested in maximizing opportunity by becoming a part of the CareCredit network should call (800) 300-3046 (option 5) or visit <https://www.carecredit.com/providercenter/> to learn more or enroll.
